

Job Notification Form (JNF) - Google

Designation: Senior AI Software Engineer

Job Description: We are looking for an amazing fullstack developer with sharp React and PHP skills to join our highly dynamic and remote team. You will be building cutting edge LLM platforms.

Location Type: remote

Openings Count: 12

Required Skills: ReactJS, Laravel, TypeScript, Python, Machine Learning

Compensation Details:

- Total CTC: 4400000
- Base Salary: 3800000
- Bonus: 600000
- Bond Details: No bonds will be signed.

Eligibility Criteria:

Candidates must have a minimum CGPA of 8.5. We strictly allow a maximum of 0 active backlogs and historically 1 dead backlog is fine. Secondary education minimum is 80% in Class 10 and 85% in Class 12.

Selection Process:

We will first have a resume shortlisting round (resume). Next will be an online aptitude test (test). After that, we hold a group discussion (gd). Finally a technical interview round (interview).

Infrastructure Requirements:

We require 3 rooms for the interviews and 5 team members to be provided by the university. No other screening will take place.
